Hi Jim,

Here are the people that will be present at our meeting on December 11th.

Myself - Chemical Engineer/Permit Writer
Michael Cobb (EPA) - Engineer/Permit Writer
John Nagle (EPA) - biologist (possibly attending)

Cathy Vakalopoulos (MassDEP) - Engineer/NPDES Permit review
Gerry Szal (MassDEP) - Biologist
David Howland (MassDEP) - Inspector

I will have an agenda for you tomorrow , but I think you have the right idea. We can sit down initially and discuss the permit renewal process, discuss operations at the plant, go over maps of the facility, discuss recent changes, utilization rates, etc. We will then go on a tour of the facility, which will be followed by a sit down discussion at the end.

Thanks

Hello George,

Prior to your visit to the Station, scheduled for 10:00 a.m. on Tuesday December 11, 2012, we'd like to have an idea of what the format might be. I assume that we will first discuss together the permit and renewal process. A brief informal agenda would be perfect so we might prepare appropriately.

Also if possible, please provide the names and titles of the others who will come with you and, if applicable, their area of expertise.

If there are any questions that come up prior to your visit, please notify me or the Plant Manager, Howard Person.

Regards ...

Please note new contact information below, effective 10-10-2012.

It will probably be 4 or 5 of us total, from EPA and MassDEP.

OK Jim,

How about we shoot for December 11th beginning about 10:00 AM ?

Thanks

George,

Howie Person is back and suggests December 10<sup>th</sup> and 11<sup>th</sup> are open. Will either of these dates work for you?

Thanks ...

Good morning Jim,

I wanted to see if you could look into some possible dates for a site visit to Mt. Tom. Let me know when you and appropriate folks at the Station would be available during the weeks of Nov. 26 and December 3rd for a good part of the day. I may be joined by others from EPA and possibly the MassDEP.

Thank you
